CERTIFICATE OF CONFORMITY

Customer name: **SCOTT LABS**
Product name: **ESSENTIAL ANTIOXIDANT**

The INSTITUT ŒNOLOGIQUE DE CHAMPAGNE guarantees that the specified product*:

- is authorised as per appendix I A of **Regulation (EU) 2019/934** and its amendments,
- is a **food-grade product**, which can be used to make wines for human consumption, in compliance with the food safety requirements defined by regulations (EC) 178/2002 and (EC) 852/2004,
- is not made from **Genetically Modified Organisms****, and does not come into contact with them at any point in the entire manufacturing process: it is free from them under the terms of Part A article 2 of directive EC 2001/18, and is therefore subject neither to the labelling requirements in chapter 2, section 2 of regulation (EC) 1829/2003, nor article 4 paragraph B of Regulation (EC) 1830/2003,
- has not undergone any **ionisation** or irradiation treatment**,
- is not produced using **nanotechnology**** and does not contain ingredients in the form of manufactured nanomaterials,
- has a technological origin: **vegetal**, and it is compatible with a **vegan** diet,
- is packed in **packaging which complies**** on the one hand with Regulations (EC) 1935/2004, (EU) 10/2011 and its amendments, (EC) 19/2007 (including phthalates) and does not contain bisphenol A; on the other hand, with directive 94/62/EC (amended), French decree No. 2007/1467, directive 2008/98/EC and French decree No. 2011/828.

C. GONZALÈS
Quality Manager

*in its original unopened packaging, as per the storage conditions indicated in the data sheet.
