

# PHOSPHATES MAZURE

## VINIFICATION CLARIFICATION

*Composition:*.....Solution of Kaolin, diammonium phosphate and tartaric acid,  
..... stabilized with citric acid and potassium bisulfite

*Aspect:*..... liquid

*Color:* .....white off

*Kaolin concentration:* ..... > 300 g/L

*Diammonium phosphate concentration:*..... < 12 g/L

*Citric acid concentration:*..... < 13 g/L

*Tartaric acid concentration:*..... < 0,4 g/L

*SO<sub>2</sub> concentration:*..... < 0,20 %

*Density:*..... 1,183 – 1,193

*pH:* .....3,8 - 4,2
