

## TECHNICAL DATA SHEET

### THEMATIC OAK PRODUCTS

#### DESCRIPTION

Our line of Themic products come from selected species *Quercus alba* sourced from American forests.

#### COLOR PROFILE

Themic products are available in 5 different color options with differing aromatic profiles.

#### APPLICATIONS

The range of Themic products is intended to help winemakers during fermentation, ageing and finishing of wines. They can be used on any wine variety and are easily scaled from bench trial or research applications to production volume wines.

#### PRODUCT FORMATS AND UTILIZATION

Three different formats are offered in the Themic range allowing winemakers to choose the best fit for their wine programs and winery design:

- **Fan Pack:** 20 rods – 36" x 1 1/16 x 13/16"; 20 sq. ft. recommended dosage: 2-8 packs per 1,000 gal contact: 1-18 months
- **Cubes:** 20lb. bag – 1" x 1 1/16 x 13/16"; 34 sq. ft. recommended dosage: 2-8 bags per 1,000 gal contact: 1-9 months
- **Bung Sleeve:** 20 sections – 9" x 1 1/16 x 13/16"; 5.5 sq. ft. recommended dosage: 1 per 60 gal contact: 1-12 months

#### STORAGE

Keep product stored in its original packaging until use. Do not store near open flames, heat sources or next to volatile chemical products, solvents or other odorous products. Unopened product can be maintained for 5 years.
