

LANXESS Corporation

**Velcorin® / Genetic Engineering**

January 31, 2024

To whom it may concern,

We confirm that in compliance with relevant versions of EU Regulation No. 1829/2003 concerning genetically modified foods and feeds and the EU Regulation No. 1830/2003 concerning the traceability of food and feed products produced from genetically modified organisms our product Velcorin® neither contains genetically modified organisms / raw materials nor such modified organisms / raw materials are used in its production. Furthermore such organisms / raw materials are not fully or partly derived from genetically modified organisms (GMO) and does not contain or consist of GMO. Hence, the product as well does not contain or is made of a bioengineered food according to the National Bioengineered Food Disclosure Law in the USA.

Our product Velcorin® is not manufactured using Genetic engineering but produced chemically by a controlled hydrolysis of a chemical compound.

Yours sincerely,  
LANXESS Corporation
